

## **Airline Industry News – Aegean Airlines Corporate Presentation**

### **Stavros Daliakas**

Mr Daliakas will give an overview of the current situation in the airline industry as well as the latest changes in the Greek and European market. He will also briefly present Aegean Airlines. Aegean, the fastest growing airline company in Greece, was established in March 1999 and has been operating with scheduled flights since May 1999. Aegean is a full service airline, having a leading domestic position in Greece and a growing presence in international scheduled routes connecting Greece with European destinations and other neighbouring countries. Through his presentation, Mr Daliakas will give the general profile of Aegean, the company's evolution throughout the years and some important figures such as passenger traffic and market shares.
